

# The Global Forum for National SDG Advisory Bodies

Global Forum for

National SDG  
Advisory Bodies

The Global Forum is a network that connects the knowledge of multi-stakeholder councils, commissions and similar advisory bodies for sustainable development worldwide. Such bodies...

... unite all stakeholder groups around a table,

... build consensus on transformational topics,

... permanently and constructively engage with national governments to implement the SDGs,

... mobilize stakeholders at all levels for the SDGs,

... pilot projects and raise societal awareness about the SDGs.

The Global Forum offers a fast track to knowledge and experience on how to deliver the SDGs around the globe.
